## A CRISIS IS NEAR IN THE GREAT WAR

Believed There Has Been Attack  
on Port Arthur.

Japanese Reported to Have Lost Many  
Men—Firing Heard About the  
Port Today.

100,000 JAPANESE CLOSING IN

**JAPS HAVE HEAVY LOSS.**  
Mukden, August 6.—A report is current that the Japs were repulsed with terrible loss in attacking Boshan August 2. No details are obtainable.

**CLOSING IN ON RUSSIANS.**  
St. Petersburg, August 6.—It is reported that the czar has strongly urged General Kuropatkin to exhaust every possible means to maintain his position at Liachang. Another report says the Russians are so exhausted from the continual fight last week, that the successful evacuation, Liachang is impossible. The Japs are converging on the town from three sides and have already driven in the outposts.

**HEAVY LOSSES.**  
Mukden, August 6.—It is reported here that the Japanese attacked the Russian position at Anshanshan, mid way between Hai Cheng and Liao Yang, on August 3, and were repulsed with heavy loss. The Russian casualties are not known.

**HEAVY FIRING AT  
PORT ARTHUR.**  
Tien Tsin, August 6.—Heavy and continuous firing was heard yesterday at Peikasho from the direction of Port Arthur.

It is reported here that Viceroy Alcxief is still at Mukden.  
There are persistent rumors here from Japanese sources that the fall of Port Arthur will occur within a week, but the military experts are of the opinion that a month will elapse before the Japanese make their final assault.

It is estimated here that there are 100,000 Japanese troops before Port Arthur.

**EXPECTING BOTH  
TO FALL SAME DAY.**  
Berlin, August 6.—The National Zeitung prints a private telegram from Tokio, August 5, in which it is stated there are five Japanese divisions before Port Arthur, part of them within three and a half miles of the fortress, and that there are altogether twenty divisions in Manchuria. The telegram says that Tokio is expecting the fall of Port Arthur and the capitulation of General Kuropatkin on the same day.

**RUSSIAN LOSSES 4,000.**  
St. Petersburg, August 6.—Detailed reports reaching the war office from General Kuropatkin's generals show that the Russian losses July 30, July 31, and August 1 did not exceed 4,000. The Japanese are believed to have lost at least an equal number.

**1300 JAPS KILLED.**  
St. Petersburg, August 6.—Liao Yang advices say there thirteen thousand Japanese were killed and wounded in an attack on the Russian center.

**FIGHTING FOR THREE DAYS.**  
St. Petersburg, August 6.—General Kuropatkin wires: "The enemy on August 4 advanced fifteen versts north of Hai Cheng and has concentrated at Holungon. Considerable forces crossed to the right bank of the Taitsite river, but were driven back. There has been fierce fighting for three days."

## TOWN GUTTED

KENDRICK, IDAHO, VISITED BY  
\$250,000 FIRE.

Kendrick, Idaho, August 6.—Fire which broke out in the old Pacific hotel, destroyed the whole business part of the city and many residences. Thirty-six business houses and twenty residences were burned. Loss \$250,000.

## A DEMONSTRATION BY THE STRIKERS

Thirty Thousand Paraded Street  
at Chicago.

The Drovers Bank Paid Every De-  
positor and Then Had Money  
Left.

TEXTILE WORKERS RESUME

Chicago, August 6.—Thirty thousand strikers and sympathizers, paraded the stock yards district today with a vast number of women and children in line. A great picnic was then held at Oswald's Grove. President Donnelly said that peace negotiations were at a standstill, though he hoped good results to follow today's mammoth demonstration.

The packers claim they are steadily gaining ground. The run on the Drovers' bank continued in a modified form with 200 depositors in line.

**INDORSE THE STRIKE.**  
Washington, August 6.—The federation of Labor's executive committee today endorsed the great strike of the textile workers at Fall River. They will raise relief funds throughout the country.

**RUN ON BANK.**  
Chicago, August 6.—The strike in the packing houses was practically lost sight of yesterday in the excitement attending the run on the Drovers' Trust and Savings bank, one of the stockyards institutions.

The rush of the depositors to the bank started early because of an unfounded rumor that one of the packers' representatives had drawn his money from the institution and reports that the bank was being used by the packing companies as an adjunct in paying off their new employees who have taken the places of the strikers. All day long hundreds of excited depositors, most of whom had only small accounts in the bank, stood in line to withdraw their deposits. When closing time came there were at least a thousand persons waiting for their money. The officials of the bank, determined to meet the emergency called in extra tellers, and the place was kept open until every depositor who presented himself at the window had been satisfied. The paying windows of the bank were kept open until after 8 o'clock. Nearly two hours before that time the last man in line had been paid his deposit in full, and fresh arrivals had ceased coming.

## TURKEY MAY REGRET DILATORY POLICY

The United States is Weary of  
Delay.

War Vessels Said to be Ready to  
Sail at a Moment's  
Notice.

MINISTER DENIED ANSWERS

Washington, Aug. 6.—Secretary Hay's return to the city from his summer home was signalized by consideration at the cabinet meeting, of important matters concerning American's foreign relations. The secretary had not completed his vacation, but returned to Washington at this time on account of the developments in this country's relations with Turkey. The whole question was considered by the president and his cabinet in the light of information received by cable from Minister Leishman at Constantinople.

The government has been pressing the porte for an answer to our representations. The sultan promised an answer last Friday, but Minister Leishman did not receive it. He was

## LITTLE CHILDREN SWALLOWED UP

Michael Riley, Daughter and Six  
Others Drown.

They Were Walking on a Sand Bar  
When They Stepped Into  
Channel.

ONE GIRL WAS SAVED

Alton, Ill., Aug. 6.—While bathing in the Mississippi river last night Michael Riley, his daughter and six of the latter's friends were drowned. One child who was in the party was rescued.

**THE DEAD.**  
MICHAEL RILEY, 32 years old.  
ELIZABETH RILEY, 11 years.  
ALLE SNIER, 14 years.  
LUCY PATES, 8 years.  
LIZZIE PATES, 14 years.  
BESSIE BRUM, 14 years.  
MYRIE BRUM, 10 years.  
RUTH MARSHALL, 12 years.

Riley lived near the river in the southern part of the city, and was accustomed to bathe on the beach in front of his home after his return from work.

His little daughter begged to go with him, and Riley took her and seven of her little friends to the beach with him.  
When they entered the water Riley made the children join hands, and they all waded into the water and walked along a sandbar which stretches out into the stream at that point. They had gone some distance from the shore when suddenly the whole party disappeared beneath the water, having in the darkness, stepped from the sandbar into the deep channel.

The only one in the party to regain the sandbar was Mary Timiny, 8 years old. The child was unable to tell how she saved herself beyond the statement that she got loose from the one next her and soon found that she could stand up and that the water came only to her knees.

Alton, Ill., Aug. 6.—A thousand persons are engaged in the search for the bodies of Michael Reiley and the seven children drowned in the river. All have been recovered but that of Elizabeth Reilly.

put off until yesterday. He was promised then an answer from the sultan as to the right of Americans to establish schools and other educational institutions in the Turkish empire. Such rights have been accorded other nations, but have been withheld from America.

Secretary Hay laid before the president and the cabinet a cablegram he had just received from Minister Leishman to the effect that he had not been able to obtain a satisfactory answer to his representations. That this government is annoyed at the procrastination of the porte and at what seems to be a studied effort on the part of the sultan to dilly-dally with the American representations, there is no attempt to conceal. Secretary Hay declined, however, as he left the cabinet meeting, to say what, if any decision had been reached. Secretary Morton's replies to similar inquiries indicated the probabilities of important action by his department, bearing upon the Turkish question.

The situation is regarded as sufficiently grave to warrant some change in the programme that had been formed for the movement of the United States naval vessels in the Mediterranean. While it was not decided to stop the home coming of the fleet of big battleships due at Gibraltar in a day or two, the determination was reached to have Admiral Jewett, commanding the European squadron, which has separated from the battleship squadron and is now at Villefranche, remain in that vicinity until further orders.

**TO MAKE DEMONSTRATION.**

Washington, August 6.—Rear Admiral Jewell has been ordered to proceed with his fleet to Smyrna, where a naval demonstration is to be made against Turkey.

## FORTY CONDEMNED AT PORT AU PRINCE

100 Syrians Were Robbed and  
Driven Away.

Costa Rican Guard Fired on Ameri-  
cans in a Skiff.

FRENCH SHIPYARDS BURN

Port Au Prince, Hayti, Aug. 6.—The shops were opened today under the protection of the police and without any unusual incidents.  
The military tribunal has condemned to death by default the forty exiled persons accused of complicity in the attempted revolution headed by Gen. Montplaisir, which failed in January last. At St. Archaies the populace after looting three Syrian shops drove away 100 Syrians who reached here stripped of everything. Trouble is feared in other cities of the republic.

**TROUBLE FOR SOMEBODY.**  
New Orleans, Aug. 6.—Three Americans in a skiff were willfully fired on by a Costa Rican customs guard. The commander apologized, but two of the Americans will insist on more substantial redress.

**STEAMSHIP LINE BURNED.**  
Paris, Aug. 6.—The French steamship Lines shipbuilding yards at St. Nazaire burned today with heavy loss.

**AN HEIR EXPECTED.**  
Paris, Aug. 6.—A St. Petersburg dispatch says that the announcement of the czarina is expected today.

**THIBETANS SUE FOR PEACE.**  
Chaksam, Ferry, Tibet, via Gyantse, August 6.—Delayed—The greater portion of the British expedition has successfully crossed the Brahmaputra. The villagers are inclined to be friendly and there are no signs of an armed force to oppose the advance of Lassa.

Colonel Younghusband, the British political agent, has had two interviews with peace delegates, among whom is the grand chamberlain. The latter pleaded with Younghusband not to proceed, as the Dalai Lama might die of the shock to his religious feelings if the British entered the holy city. Younghusband replied that the treaty must be signed at Lhasa, but he promised that the troops would not enter the monasteries unless fired upon the reform.

## VERY VIOLENT

CLIFTON CENTER HAS A BAD  
CASE—FRED HELLER WILL  
NEVER RECOVER.

Officer Scott Ferguson has returned from Hopkinsville where he yesterday took Clifton Center.

Center was violent all the way to Hopkinsville, insisting on tearing off his clothes. He met many people he was acquainted with, who did not know him deranged and surprised them a great deal with his talk. The asylum authorities say he has a bad case. Fred Heller, the midget tailor sent to Hopkinsville several weeks ago, is said to be no better and his is a hopeless case. Physically he is all right but mentally will never recover, the doctors say.

## NO PARDONS

THIS IS THE MOTTO OF GOV-  
ERNOR THORNE NOW.

Frankfort, Ky., Aug. 6.—Lieutenant Governor Wm. P. Thorne is holding down the job of governor right well these days while Governor Beckham is resting up at Chicago. Governor Thorne is refusing to consider applications for pardon. Mrs. Thorne is with him at the Capitol Hotel.

**PANAMA OFFERS PRIZES.**

Washington, Aug. 5.—Panama offers \$200 in prizes for the best design of a national flag and coat of arms.

## DR. DONALD DEAD IN MASSACHUSETTS

Prominent Boston Pastor is  
Dead.

King Edward Wears a White Stove-  
pipe Hat and Square-Pressed  
Trousers.

MRS. NELSON MILES' FUNERAL

**PROMINENT MINISTER DEAD.**  
Ipswich, Mass., Aug. 6.—Dr. Donald, pastor of the Trinity church, Boston, died there this morning.

**BULL TOOK POSSESSION.**  
Tacoma, Wash., Aug. 6.—A mad bull took possession of the Northern Pacific tunnel near here and created a stampede and delayed traffic two hours before he could be driven out.

**HE MUST BE A SIGHT.**  
New York, Aug. 6.—The London correspondent of the World cables that King Edward has boomed the wearing of white stove pipe hats and trousers crease at both the side and front making them square.

**MRS. MILES' FUNERAL.**  
Washington, Aug. 6.—The funeral of Mrs. Nelson A. Miles took place this morning at Arlington cemetery, and many distinguished people were present. There were flowers from President Roosevelt and the cabinet.

## WEEKS NEWS IN BUSINESS WORLD

Clearings this week were \$760,492  
For same week last year, 734,418  
Increase, 26,079

Business at the banks has been active the past week. Clearings were large and show an increase over the same time last year. Money is easy and deposits are high.

Wholesale houses report good business with an improvement in distribution quarters. General conditions seem to favor a good season this fall and winter. Collections are good.

Retail business has been good. The month of July was the best mid-season month local merchants have ever had and August has started out in a fair way to equal it.

Mr. L. E. Girardey has moved into his new quarters in the big building at the corner of Third and Kentucky avenue and now has a splendidly equipped piano factory. He has just completed a new scale for his pianos and made up the first one with it, and it is pronounced a great success. Mr. Girardey has in the course of building over forty pianos at present, and his trade is gradually extending.

Articles of incorporation of the Mergenthaler-Horton Basket Co. were filed in the county court today. The capital stock is fixed at \$100,000 divided into shares of \$100 each. The following are the incorporators: W. F. Morris, three shares; C. K. Wheeler, W. A. Berry and D. H. Hughes, three shares each. The corporation is organized to manufacture baskets and parcel wrappings, etc.

## THE CITY ENGINEER FINDS MISTAKES

Several Feet of Improved Prop-  
erty Gets "Lost."

There is No One to Whom to Charge  
the Street And Sidewalk  
Improvements.

MUST GO TO ORIGINAL DEEDS

Serious complications have arisen in making out the estimates against property owners for street paving and sidewalks constructed by Mr. E. C. Terrell under his contract with the city.

The city pays half for the streets, and property owners half for the streets and all for the sidewalks. Upon the completion of the work, estimates are made out and turned over to the contractor by order of the general council, and he proceeds to collect.

City Engineer Washington, for the past week has been busy making out the estimates, and has found inexplicable discrepancies. It is known how many feet there are in a block, but when the block is divided and the property apportioned out among the various property owners according to the number of feet the plat shows, the discrepancies from six inches to a foot or more to the block, and it is very difficult and in some cases almost impossible, to determine who is credited with too much and who with too little.

Some one of course has to pay for the whole block, but the engineer has thus far found a good many feet that are there and have been improved, but which cannot be charged to any one, because it has not been found to whom they belong. It is supposed the original deeds will better show the amount of property each person owns.

The Rev. S. P. Verner, a Presbyterian missionary, who brought eight pigmies out of the African jungle for the world's fair, has arrived in St. Louis.

store at Tenth and Broadway to Jones & Co., who also own the drug store at 11th and Jones streets, and will now run them both.

The new paint store to be established by Messrs. Harry and Gus Hank and John Davis, in the building on Broadway between Second and Third until recently occupied by the Weil wholesale liquor company, will be opened shortly. The building is now being remodeled and the firm will start as soon as it is ready for them.

The Paducah Water company hopes to soon have its filtration plant completed, but it cannot be determined on what date it will be. There are to arrive eleven car loads of fine sand for the filter, four of which arrived yesterday. The sand is nearly pure white and comes from New Jersey. It is very costly and is used as a strainer for the water.

The Woodmen of the World's executive committee held a meeting last night at John Niehaus' drug store and sent over some of the details of the carnival, but deferred the appointment of the sub-committees until tomorrow afternoon.

Mr. James W. Eden, who has been west, has returned to Paducah to locate permanently. Mr. Eden was for years one of Paducah's most prominent attorneys and his many friends will be pleased to learn that he is again to live here.

The increase in postoffice receipts of the month of July, 1904, over July 1903, was \$583, showing a substantial increase in the business of the office.

### YESTERDAY'S RESULTS.

Paducah 3, Vincennes 2.  
Cairo 4, Hopkinsville 1.

### SCHEDULE FOR TODAY.

Paducah at Vincennes.  
Clarksville at Henderson.  
Cairo at Hopkinsville.

Paducah yesterday redeemed herself to some extent by winning an eighteen inning game by a score of 3 to 2. This is probably a record breaker. If any other games that long have been played this season they have escaped the memory of the baseball cranks here.

At any rate Paducah won yesterday, and Freeman pitched. Freeman is good at forcing these extra inning games, but heretofore has been unfortunate in them, losing most of them. Yesterday's game is a credit to him.

Here is the result:

Paducah,	3	9	3
Vincennes,	2	6	4
Freeman and Land, Clayton and Lemon.			

### GAME AT CAIRO.

Hopkinsville, Ky., Aug. 6.—Cairo and Hopkinsville played a postponed game yesterday and Cairo won by a score of 4 to 1.

Cairo	4	11	1
Hopkinsville,	1	4	4
Holycross and Harvey, Alexander and Collins.			

### AMATEUR GAMES.

The I. C. machinists defeated the boilermakers yesterday afternoon at the shop grounds by a score of 6 to 4. The game was attended by a large force of shop men.

The Sterlings and Boilermakers will meet at the shop grounds this afternoon in a match game.

### "NO NEW PLAYERS."

From what information it is possible to secure the Paducah baseball association does not intend to make any changes in the team. Mr. John Keller stated this morning that the newspapers by publishing rumors of changes in the team caused the Indians to lose interest and would serve to make them play worse ball than they have been playing.

"The boys are playing good enough ball" Mr. Keller states, "and have simply been unfortunate of late. They have suffered the tearing up of the infield and have had other things to contend with, but will improve in batting and secure enough victories, we think, to put us first again."

Mr. Keller stated that when any changes were to be made in the team the papers would be officially notified, but at present the lineup would remain the same.

Pitcher Eye and Catcher Armstrong, of Missouri, who, he says, are good players. He says he will try to get them in faster company next year. The management will likely not sign the men. McLaughlin will umpire the game this afternoon between Ben Boyd's colored team and a colored team of Nashville.

### BASEBALL NOTES.

In the Tennessee-Alabama league this season are found several of the old Kitty players. "Big Joe" Perceval, and old "Hep" is with Sheffield; Orr, the Paducah pitcher, is also with Sheffield; Lynsky and Farris, formerly with Hopkinsville, and "Ducky" Holmes, the crack twirler for Clarksville last year are with Huntville; Boylan, who played shortstop for Clarksville and Myatt, who pitched for the same team early this season, are now with Sheffield. Rogers, who jumped his contract here is with Columbia. Atkinson, Quilty and Warner were in the T.-A., earlier in the season.

The local management should remember one thing, if it believes that the Paducah club can win now, because a few weeks ago it had a string of many victories. This thing is, that every club in the league, except possibly Paducah was then very weak and was not putting up anything like the article of ball they are now playing. It was not that Paducah was stronger then, but that the other clubs were weaker than they are now. They have improved and strengthened and Paducah has not.

## LIVED HERE

Victims of Cutting Affray Well  
Known In Paducah.

They Worked in the Illinois Central  
Shops Here a Year Ago.

Will and Arthur Pierce, the two young men who were badly slashed with a razor at Louisville by their brother-in-law, Tom Haynes, who was drunk, are Paducah boys and lived on Jackson street between Eleventh and Twelfth, until about a year ago, one working in the I. C. shops as a pipe fitter and the other as a helper.

Haynes married their sister and while drunk night before last pursued her to the Pierce home to kill her. The boys interfered and Will Pierce was horribly slashed and it was thought for a while was dead, and later that he would probably recover. The other was not so badly out. It is thought now that both will recover. Haynes, since he got sober says he remembers nothing about it and is sorry it happened.

## ARE PLEASED

Milkmen Preparing to Carry  
Out Ideas of Inspector.

They Promise Dr. Warner Earnest  
Co-operation in His Work.

The efforts of Dr. C. G. Warner, milk and meat inspector, to improve the condition of milk sold in Paducah, have already begun to bear fruit and Dr. Warner is gratified that the dairymen take so to his idea of how the milk should be handled.

Dr. Warner announced several days ago that he would test milk and monthly publish a list of the comparative quality of milk sold, and also stated he would insist that the milk be cooled directly after coming from the cow to avoid germ breeding. Animal heat in the milk caused a rapid breed and multiplying of germs which are contained in the air, and already several of the dairymen have procured air meters to cool the milk after taken from the cow. Dr. Warner found it necessary to send off for some additional parts to his Babcock's tester and until they come will be unable to make any tests.

The milkmen and butchers desire to meet with all the requirements of the milk inspector and promise co-operation.

### OTHER POLICE COURT NOTES

Luther and Melvin Thomas and John Stewart, colored boys whose ages range from 7 to 11 years, were arraigned again in police court today, this time for stealing a skiff and going to Brookport in it yesterday.

The boys are alleged to have, stolen the skiff on this side of the river from Lawrence Burke who crossed the river on the packet and brought the boys back.

They proved to be the same negroes who were a few days ago dismissed of the charge of being implicated in the theft of Mr. Frank Davis' watch. The case was left open.

Joe Woods, colored, is in jail pending trial on the charge of stealing a bicycle some time ago. He will be given a hearing Monday.

G. W. Austin was last night put on as night cow officer whose duty is to catch and impound cows found roaming at large in the city limits.

Elmo Buchanan, age 4 years, was reported lost yesterday but after an investigation was found at his uncle's restaurant. The boys said he wanted to go to the park and had started for the cars. He lived at Eighth and Clark streets.

Thieves broke the head out of a sugar barrel stored in an open freight car at First and Washington street and stole sugar. The car was being unloaded, but all the contents not taken out and the driver failed to lock the car again. The thieves were not caught.

The case against Owens Bros. for operating the ferryboat Bettie Owen without a license, was argued this morning before Police Judge Sanders but no decision rendered, the judge desiring to look thoroughly into the law before deciding what he will do.

Attorneys Campbell and Campbell represented the defense and the argument was quite lengthy. The outcome of the case will be watched with interest, the ferryboat people having operated for years without paying a license.

Lottie Jacobs and Effie Burns, two women of West Kentucky avenue, were fined \$30 and costs each in police court this morning for riding in a buggy yesterday in a drunken state. The women were very drunk and one came near falling out at First and Broadway.

George Parker, white, was fined \$1 and costs for being drunk.

Walter and Ida Brown, colored, were fined \$3 and costs each for fighting.

Earl Trotter, colored, was arraigned for carrying a concealed weapon and for using insulting language. He was fined \$20 and costs in the latter and continued in the former case.

Casper White and John Lam, white, were given thirty days each for stealing a shaving mug and other minor articles from C. D. Brantly.

The case against Ben Satterfield, colored, for vagrancy, was dismissed.

Conceit may be only exaggerated humility.

Authority To Select Its Own Books.

Mr. O. W. Morrison, a member of the board of education, stated today that the board would certainly fight the state adoption school book law as the charter specifically states that the city can select its own text books.

It appears that the board members are prone to continue the use of the books in the schools now, and rather than jeopardize the progress of the schools, will keep the books now being studied unless compelled to accept the state list.

County Superintendent Ragsdale wants the board members to accept the state adoption as it will then enable the county to use the same books which will enable pupils in the county to get them cheaper. He is somewhat discouraged over the outlook.

### SUMMER AMUSEMENTS.

Several entertainments of an informal character relieved the monotony of summer dullness in society the past week and a number of weddings were also on the calendar. Picnics, boating and bathing continue popular, and those who are staying at home, or have returned from vacations manage to keep amused.

### PADUCAHANS AT FAIR.

The following Paducahans were registered the past week at the Kentucky building at the world's fair: Miss Carrie Ham, Mrs. C. S. Johnson, Miss Kate White, C. M. Cookrell, P. Givens, Mrs. T. N. Givens, Roy Harris, J. Harris, M. Pankey, F. Boyer, V. F. Boyer, W. Boyer, Miss Marguerite Gamon, Miss Hannah E. Johnson, George Bernhard, Miss Rena Bernhard, R. J. Feener, F. H. Douglas Bagby, Miss Marjorie Bagby, Miss Judith Givens, W. P. Givens, Miss Irene Scott, R. I. Scott, G. C. Sarrafian, Miss Catherine Williams.

### DELEGATES CHOSEN.

The Paducah Chapter United Daughters of the Confederacy met Tuesday morning with Mrs. Joseph W. Thompson, on Jefferson street and elected delegates to the state U. D. C. meeting which will convene here next fall and to the national meeting of the U. D. C. in St. Louis, also next fall. The delegates to the state meeting are: Miss Elizabeth Sinnott and Mrs. W. P. Hopkins and to the national meeting: Mrs. James Koger and Mrs. Fannie Allard.

### ENTERTAINMENTS.

A surprise party was given Tuesday evening in honor of Miss Theresa Boike's thirteenth birthday at her home on South Seventh street. Those present were: Misses Jennie Warren, Zane Watkins, Annie Lydon, Mary Crockett, Mamie Frates, Vernie St. John, Beulah Metzger, Annie Boike, Mary Miles, Gracie Calkins, Roxie Speed, Theresa Boike, Masters Grady Addington, Jim Addington, Eva Sisk, Robert Trantem, Rozzie Speed, Coleman McRae, Seldon Dixon, Cecil Wiseman, Clarence Swift, Robbie Werdols, John Luftenberg and Robert Wilkins. Refreshments were served and the evening was pleasantly spent.

Mrs. George Katterjohn entertained with a reception and dinner party Wednesday at her home, 1121 South 11th street, in honor of Miss Elizabeth Meyer of New Albany. The hours were from 4 to 7. The table decorations were in red, and a center piece of flowers of crimson hue was very effective. The dinner was served in three elaborate courses. The guests were: Mesdames Gus Reitz, Henry Kamleiter, Phoebe Riglesberger, Pat Lally, Jesse Gilbert, Will Hummel, F. G. Mertz, Harry Meyer, William Nagel, George Wolff, Oscar Miller, C. M. Lehrer, Misses Elizabeth Meyer, New Albany; Sophia Yeager, Louisville; Annie Kremenitz, Little Rock, Ark.; Bertha Mertz and Mary Berger.

A party of society people enjoyed a picnic Thursday evening at Edgewood, Mr. Saunders Fowler's country home on the Broadway road. The luncheon was served in the Edgewood

lodge on account of rain. It was a most delightful informal function.

Mr. Bennie Price gave a party Tuesday evening at his home, 1113 South Third street, in honor of his 18th birthday.

The Ramsey society of the Broadway Methodist church gave a lawn party Friday evening at the residence of Mrs. William Eades on West Jefferson street.

The Christian Endeavor society of the First Christian church gave a trolley ride Monday evening. A number of people enjoyed the outing.

The Columbia club was entertained by Miss Maggie Rouf Wednesday afternoon at her home on the Mayfield road.

Messrs. J. J. Miller, of Brooklyn, N. Y., J. A. Beebe, of Jopka, John Narraway, of Paducah, and the Misses Mabel and Maude Lowery, of Metropolis; Ruth Duiguid, of Paducah; Mrs. Charles Sisney, of Genevieve, Mo., and Mrs. Monroe Sisney, of Carbondale, were the guests of Mr. P. O. Meeks of Jopka, on a yachting trip to Mound City Wednesday, says the Metropolis Journal-Republican. A delightful time was had by all.

### WEDDINGS.

The following from the Louisville Times will prove interesting here, since the bride is the daughter of a native Paducahan, and has recently visited here:

Miss Edith Langstaff Terry and Dr. Julius Myer Purnell, of the United States army were quietly married at noon Thursday at the residence of the bride's parents, Mr. and Mrs. J. Moss Terry, 2125 Third avenue. The ceremony was performed by the Rev. Beverly Estill of St. Paul's Episcopal church, and was witnessed by relatives and a few close friends.

The bride who is one of the most beautiful young women in the state, made a pretty picture in her bridal robes of messaline crepe and real lace. The corsage had a dainty yoke of tulle shirtings, and the skirt was entrained with upper part corded. She wore a tulle voile held in place by a crown of orange blossoms and diamond sunburst. Her bouquet was of lilies of the valley and bride roses, tied in broad streamers of white tulle.

Mrs. Terry, the mother of the bride, wore a handsome gown of blue crepe de chine, trimmed in real lace, and Mrs. Forsey the mother of the groom, a gown of black juise, a maternal mode in the Philippines.

A small reception followed the ceremony, and the guests were served from small tables embellished in yellow.

Dr. and Mrs. Purnell left at once for Cincinnati, where they will spend several days before going to Paris to visit the groom's mother.

Later they will go to Chicago, and will return to Louisville before going to California, where Dr. Purnell will be transferred from the Philippines, where he been for the past three years.

Miss Marie Antoniette List and Mr. George M. Johnson were married Wednesday morning at 8 o'clock at the residence of the bride's parents, Dr. and Mrs. Anthony List, 431 South Fifth street. Rev. William Bourquin, of the German Evangelical

church, performed the ceremony. The couple left immediately on a wedding trip to South Haven, Chicago, Milwaukee and the world's fair. After August 20 they will be at home at the residence of Mr. John Watts, 1049 Harrison street.

The marriage of Miss Mamie E. Voekel and Mr. Chris A. Berger took place Wednesday afternoon at 5 o'clock at the home of the bride's mother, Mrs. William Voekel, at Seventh and Ohio streets. Rev. A. Ilten, of the German Lutheran church, performed the ceremony. The couple went to St. Louis on a bridal trip.

The wedding of Miss Eliza Duke and of this city, and Mr. D. N. Terry of Louisville, took place at the residence of the bride, 713 South 11th street, Thursday evening. The couple are now on a wedding trip to St. Louis and will reside at 818 Madison street, Louisville. The ceremony was performed by Rev. Mr. Morris of Louisville.

### ABOUT PEOPLE.

Miss Pauline McCauley, of Morganfield, who has been visiting the family of Mr. D. H. Hughes, on West Jefferson street, went to Dawson Thursday.

Mrs. Charles Curtis, Miss Sophia Burnett, of this city, and Miss Ella Burnett of Mayfield, left today for St. Louis.

Miss Louise Dumas, of Paris, Tenn. is the guest of Miss Mary Scott of Madison street.

Mr. and Mrs. Claude Baker and Mr. and Mrs. John Walker have gone to St. Louis to attend the fair.

### NEXT WEEK

THE COUNTY BONDS WILL ARRIVE FOR SIGNATURE.

The \$100,000 worth of county bonds which are shortly to be refunded are expected here next week, and it will require something like a week to get them ready for returning.

The bonds are now being lithographed, but the lithographers have had plenty of time to complete the job, and promised the bonds by this date. It will be necessary to call a special meeting of fiscal board to look over the bonds and compare the form and authorize the signature. The county clerk will have to sign each bond. The signature was heretofore made with a stamp, but the committee will require a genuine signature to each bond.

## THE WEATHER.

Fair tonight and Sunday.

## WHY NOT GET TO WORK?

No reason has ever been assigned

for failure to begin work on the public

improvements to be paid for by the

\$200,000, bond money. The public is

well aware of the fact that the bonds

have been voted, that there has been

plenty of time to prepare to use the

money, and that the money is practi-

cally in the hands of the city ready

to be used, and yet, for some reason

the city is not ready to use it. The

use of the money now appears to be

entirely in the hands of the board of

public works, the members of which

are progressive, public spirited men

who cannot fail to see the advantage

in beginning these improvements now.

The board has been hampered and de-

layed for weeks and months by the

mayor and general council, but there

seems even now to be plenty of time

to get in some good licks.

In the street reconstruction, the

storm water sewerage can be laid in a

few days after the profiles are pre-

pared, and can be laid in such a way

as not to impair the subsequent street

and sidewalk work. There are yet

many weeks in which good weather

may be reasonably expected, and with

the work in the hands of capable

contractors many blocks can be re-

constructed this year. Louisville is

letting contracts nearly every day for

street reconstruction, and so are many

other cities.

In regard to a market house, it is

generally conceded that it can easily

be built this year. It is not to be an

elaborate affair. It would require but

a short time to tear down the shack

now dignified by the name of market

house, and the remainder of the work

is not intricate and could easily be

done before bad weather, even if bad

weather were a serious bar to it,

which some contractors claim it

would not be. Naturally some in-

convenience is going to result to

butchers, marketeers and the general

public in tearing down the market

house and building a new one, but it

might as well be done now as any

other time. The sooner it is begun

and over with the better for the public,

and after all, the public is princi-

pally to be considered.

The city hospital can be built, ac-

cording to the architect, in three

months. The site is selected and pur-

chased, the plans have been drawn

and ratified, and the contract could

be let in a few days. The building could be under roof in six weeks, according to the architect, and the bad weather could not then hinder the interior and finishing work.

Why not get to work and start things off? Not a member of any of the various boards that have had anything to do with these public improvements would have wasted the same amount of time on his own private business. Not one of them, it is safe to presume, would have taken so long to make up his mind if he were preparing to build for himself.

As no man is usually more careful in handling the public's money than in handling his own, it is reasonable to suppose that the public would get the benefit of his ability in the same length of time required to decide questions involving his own private affairs and finances. So why not get busy and have the work done this year? The people want it and will appreciate it.

## TIME TO GO SLOWLY.

The statement of the president of the bank that gets the bond money is plain and to the point. He says that the agreement of the bank to give the city the benefit of the interest on all but \$40,000 of the bond money is "entirely voluntary." This is unfortunately true. The banker is right. The city is virtually accepting a gift from the bank because it has allowed itself to get in a position necessitating its becoming an object of charity.

The law did not contemplate such a state of affairs as a city having on hand \$200,000 with no use for it. That's all the more reason there should have been no such state of affairs. A situation so unexpected, uncalled for and unfortunate as to be without contemplation of law, which is supposed to provide for every possible contingency, is a deplorable one indeed. Yet the present administration has forced it on the people.

While it is true the law does not say that the city cannot loan money, on the other hand it does not include the power or authority to loan money in the many things it specifically empowers a city to do. Even leaving out entirely the question of whether a city "can" loan money because the charter does not say it "cannot" loan money, the law makes a plain provision for the disposition of all city funds. It does not divide funds into general and special funds. It calls city funds "city funds," and this includes every nickel the city gets from any source. The law, after prescribing that all "city funds" must be turned over to the treasurer, also clearly stipulates that these same funds must be placed by him in the city depository and must remain there subject to check or order,—but not spent for any purpose the city may devise, for another statute equally as plainly says that not a dollar of public money shall be used for any purpose except that for which it was appropriated. It will be generally conceded that the \$200,000 was not appropriated to loan. As to the general council's action regarding the city depository not being disturbed for four years, that doesn't amount to the paper it is written on, and the general council knows it. The mayor attempted to have the last legislature pass a law enabling the city instead of the treasurer to select the depository, but was unsuccessful. The treasurer alone selects the depository, and as the council can't change a statute, it can't say how long any bank shall be city depository.

There is still another point, however, involved in the affair. This is the responsibility for the money. The money must be paid over to the city treasurer when collected. He must in turn deposit it in the depository, and the depository and the treasurer then become responsible to the city.

Does it make any difference if the

mayor and general council do order the money loaned, and accept the security offered, and will it relieve the treasurer and depository of one jot or tittle of their responsibility to the people for it? The general council might order the treasurer and depository to give it away, so far as that is concerned, but if they chose to do it it would be on their own responsibility, and they would be legally responsible to the people for it, despite anything the general council might have said or done in regard to it.

If it is illegal to loan out the money, will an order from the general council legalize it, or relieve the treasurer and depository of the responsibility to the people for its safe keeping until used for the purposes for which it was voted and appropriated? The general council has already, in a number of instances, shown that it considers itself above the charter and the Kentucky statutes, and the treasurer should take pains not to be led astray in this case, for the council will not care whether it is legal or not to loan the money, so long as he and the bank are responsible for it, and the general council cannot in any way no matter how much it may desire to become so, make itself responsible.

Ex-Governor Hogg, of Texas is one of the hundreds of thousands of Democrats who like Roosevelt better than they do Parker, says the St. Louis Globe-Democrat. The ex-governor says Roosevelt is the better Democrat, which, of course, is true if the term be used in its broad import. Col. Roosevelt is more democratic in the social sense. He is braver, more tolerant, more sincere, more frank. The Republican candidate is a good deal better American than is his Democratic antagonist, he is far more popular personally and he has made a much more satisfactory president than his rival could ever do.

The governor of Missouri gets \$5,000 a year, but figures compiled for the St. Louis Globe-Democrat show that he dispenses \$150,000 worth of patronage. This is where he gets his "pull" and how he builds up his "machine." What is true in Missouri is doubtless true in many other states—worse in some and not so bad in others.

Senator Lindsey and the other gold-bug Democrats, probably "came back" because the Democratic party adopted their own ideas. It is a case of the Democratic party going back to them, however, not their going back to the Democratic party.

Joseph Chamberlain declares that the decline of the iron and steel trade in England is caused by free imports. One Democratic friend proposes to change our tariffs so as to build up England's industries and ruin our own.

Petty matters urged by Democratic special pleaders will not shake the conviction of the masses of the voters that all things are going well and it is better not to risk a change.

In asking the voters to support a man of untested powers on an evasive platform the Democrats forget that buying a pig in a poke is not an American custom.

The money question caused a riot in the Democratic convention which then, for policy's sake, decided that the issue did not exist.

Judge Parker evidently does not believe that a bird in the hand is worth two in the bush.

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient in to a good condition in a few days.

G. L. Caldwell, Agt., M. K. and T. R. R., Chocotah, Ind., Ter, writes, April 1, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. DuBois, Kolb & Co.

## MUSICAL MATTERS OF INTEREST HERE

Prof. Harry Gilbert Has Arrived in New York.

He Will Reach Paducah August 10— Big Concert Planned, Embracing Fine Talent.

## GEORGE SMITH'S SUCCESS

Prof. Harry Gilbert the Paducah boy who has been studying music in Berlin, Germany, has reached America, having arrived in New York city on the 4th of August, and will reach Paducah probably by the 10th.

Prof. Gilbert gained many honors in his studies and will be welcomed home with much pleasure by his many friends and admirers. Incident to the return of Prof. Gilbert and Mr. Emory Hobson, the latter who has been studying vocal culture in Cincinnati, talk of giving a big concert has started and local musicians will likely see that the plan is carried out.

Of the many musicians in Paducah who have been studying away from home, four will be in Paducah shortly. They are Prof. Gilbert, Mr. Emory Hobson, Miss Alma Hays, who has lately returned from her studies in Chicago, and Miss Annie Bradshaw, who has been studying in Cincinnati.

Mrs. W. C. Schofield, also a cultured singer, received her musical education in Chicago, and will be asked to take part in the big concert, which will include home talent, and the fine talent at that. A number of Paducah musicians will ask Prof. Gilbert to direct it. If the plans roughly mapped out by those interested in music materialize the concert will be a great success.

George Smith, the young violinist who had a class in Paducah for several months, has become quite a cosmopolitan youth.

The Louisville Herald says of him: "George Smith, the young Louisville violinist, who has been 'globetrotting' for more than a year, and who has been visiting in this state has gone out again for a very long tour. He is now in Ireland. He will tour England, Ireland, Scotland and Wales. From there he will go directly to South Africa, where he is booked for several months in the colonies. Last season he spent most of his time in Australia and the Isles of the Pacific, and was enthusiastically received everywhere. Watch this boy Smith, you who think nothing good comes out of Louisville."

The following notice from the West Australian, Perth Australia, January 4, indicates the esteem in which he is held there:

"George Smith, an American violinist appeared at the Theater Royal last evening with his company to a packed house. Mr. Smith is one of the greatest virtuosos of the age; his tone is simply marvelous, while his bowing, either in popular or classic music is incomparable. The effects he produces cannot be described in words; he must be heard for one to know its power and beauty. It is entrancing and entrancing. This gifted artist will be here a short season only."

## RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop., Sullivan House, El Reno, O., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00. DuBois, Kolb & Co.

NO NEW PLAYERS  
AFTER AUGUST 15

This is a Part of the K. I. T. Constitution and Rules.

Paducah Must Strengthen Within the Next Nine Days If She Wins.

## THE MANAGEMENT'S PLANS

If Paducah's team is to be strengthened, it must be strengthened pretty quick.

All men signed must be signed before August 15 in compliance with the league rules. Each club must finish out the season with the players it has August 15 hence if Paducah gets no new players within the next nine days, the season must be finished out with the ones she now has.

There are a number of such rules that are disregarded, it is true, but in case of a close race for the pennant, each club will probably hold the others strictly to the rules and constitution. It is true that at present many of the rules are flagrantly violated, such as not having the men in uniform, with certain kinds of stockings, caps and so forth, and most of the clubs are carrying more than the eleven men of which they are limited.

This has all been early in the season, however, and when the home stretch is reached every club that stands any show of winning the pennant will no doubt take advantage of every technicality to win.

## FEEL RIGHT

WHEN YOU FEED RIGHT.

You know one always feels "very fit" when the head and nerves swing along peacefully and with a certain sense of power that is unmistakable.

But when overwork or anxiety breaks down the soft gray matter in the brain and nerve cells (anxiety will do it quicker than overwork) faster than the food you have been using replaces it, then to save yourself from that horror of darkness, nervous prostration, you must change food and take on some sure builder.

That's the mission of Grape-Nuts, made of the selected parts of wheat and barley containing the natural phosphate of potash which combines with albumen in the human body and makes the soft gray filling of the brain and nerve centres.

Another thing is to be considered is that Grape-Nuts is "processed" in making and the starchy parts converted into a form of sugar, exactly as the process of digestion in the body. So Grape-Nuts has really passed the first act of digestion and therefore the food is quickly assimilated in the most perfect manner by babe or athlete.

# The Blazed Trail

By STEWART EDWARD WHITE

Copyright, 1902, by Stewart Edward White

Daly and Baker were pounced upon and captured. There was no resistance. They were too nearly strangled for that. Little Solly and old Vanderhoof turned off the water in the fire hydrant, and disconnected the hose they had so effectively employed.

"There, blast you!" said Rollway Charley, jerking the mill man to his feet. "How do you like too much water, hey?"

The unexpected comedy changed the party's mood. It was no longer a question of killing. A number broke into the store and shortly emerged bearing pails of kerosene, with which they deluged the slabs on the windward side of the mill. The flames caught the structure instantly. A thousand sparks, borne by the offshore breeze, fastened like so many stinging insects on the lumber in the yard.

It burned as dried balsam thrown on a camp fire. The heat of it drove the onlookers far back in the village, where in silence they watched the destruction.

Daly and his man were slapped and cuffed hither and thither at the men's will. Their faces bled, their bodies ached as one bruise.

"That squares us," said the men. "If we can't cut this year, neither kin you. It's up to you now."

Then, like a destroying horde of locusts, they gutted the office and the store, smashing what they could not carry to the fire. The dwellings and saloons they did not disturb. Finally, about noon, they kicked their two prisoners into the river and struggled back along the right of way.

"I surmise we took that town awright some!" said Shorty with satisfaction. "I should rise to remark," replied Kerlie.

At the boarding house they found Wallace Carpenter and Hamilton seated on the veranda. It was now afternoon. The wind had abated somewhat, and the sun was struggling with the still flying scuds.

"Hello, boys," said Wallace, "been for a little walk in the woods?"

"Yes, sir," replied Hyland, "we've 'd rather not hear," interrupted Wallace. "There's quite a fire over east. I suppose you haven't noticed it."

Hyland looked gravely eastward. "Sure 'nough," said he.

"Better get some grub," suggested Wallace.

After the men had gone in he turned to the journalist.

"Hamilton," he began, "write all you know about the drive and the break and the rescue, but as to the burning of the mill—"

The other held out his hand. "Good," said Wallace, offering his own.

And that was as far as the famous Shingleville raid ever got. Daly did his best to collect even circumstantial evidence against the participants, but in vain. He could not even get any one to say that a single member of the village of Carpenter had absented himself from town that morning. This might have been from loyalty or it might have been from fear of the vengeance the Fighting Forty would surely visit on a traitor. Probably it was a combination of both. The fact remains, however, that Daly never knew surely of but one man implicated in the destruction of his plant. That man was Injun Charley; but Injun Charley promptly disappeared.

After an interval Tim Shearer, Radway and Kerlie came out again.

"Where's the boss?" asked Shearer.

"I don't know, Tim," replied Wallace seriously. "I've looked everywhere. He's gone. He must have been all cut up. I think he went out in the woods to get over it. I am not worrying. Harry has lots of sense. He'll come in about dark."

"Sure!" said Tim.

"How about the boys' stakes?" queried Radway. "I hear this is a bad smash for the firm."

"We'll see that the men get their wages all right," replied Carpenter, a little disappointed that such a question should be asked at such a time.

"All right," rejoined the contractor. "We're all going to need our money this summer."

## CHAPTER XXXV.

THORPE walked through the silent group of men without seeing them. He had no thought for what he had done, but for the triumphant discovery he had made in spite of himself.

It was then about 6 o'clock in the morning. Thorpe passed the boarding house, the store and the office, to take himself as far as the little open shed that served as a railway station. There he set the semaphore to flag the east bound train from Duluth. At 6:30, the train happening on time, he climbed aboard. He dropped heavily into a seat and stared straight in front of him until the conductor had spoken to him twice.

"Where to, Mr. Thorpe?" he asked.

"Oh! Mackinaw City."

Thorpe descended at Mackinaw City to find that the noon train had gone. He ate lunch at the hotel, borrowed \$100 from the agent of Louis Sands, a lumberman of his acquaintance, and

seated himself rigidly in the little waiting room, there to remain until the 9:20 that night. When the cars were backed down from the siding he boarded the sleeper. In the doorway stood a disapproving colored porter.

"Yo'll fin' the smokin' cah up to'wud, sah," said the latter, firmly barring the way.

"It's generally forward," answered Thorpe.

"This yeah's the sleepah," protested the functionary. "Yo' pays extra."

"I am aware of it," replied Thorpe curtly. "Give me a lower."

"Yes, sah," acquiesced the dandy, giving way, but still in doubt. He followed Thorpe cautiously, peering into the smoking room on him from time to time. A little after 12 his patience gave out. The stolid, gloomy man of lower G seemed to intend sitting up all night.

"Yo' berth is ready, sah," he delicately suggested.

## BUG "PIZEN"

HOW A PADUCAH MAN WAS BESTED BY SOME OF HIS FRIENDS.

A well known man the other day decided to cross over to Brookport with a sample jug of whiskey manufactured in Paducah, and sell a bill to Brookport saloon keepers. He secured the jug of liquor and took it to a well known drug store where some of his friends hung out. While his back was turned they pasted "bug pizen" labels all over it, and when he got ready to leave he hastily wrapped it up and unsuspectingly departed.

At Brookport he entered the first saloon and called the proprietor. His spiel about the merits of the goods was all right, but when he took the paper off and called for a glass that he might pass around samples, the crowd that had pushed up around the bar gasped "poison, by gum!" There were the red labels with skull and cross bones and the ominous "Bug Pizen" all over it.

The Paducah man was speechless as he gazed at the jug. He poured a glass full of the liquor out but was afraid to drink it himself, for he didn't know whether he had brought the right jug or not.

He abandoned his trip then and there and came back home as mad as a hornet and at last accounts he was still mad.

## BLOCK SIGNALS

WILL BE COMPLETED BY AUGUST 20.

Work on the block system is progressing nicely and by the time 20th of this month will be complete and ready for service.

The block signal men who came to the division more than a week ago, have been working hard to complete the job and have suffered no delays, the weather being unusually favorable. The blocks will be put in operation as soon as completed and by the time this improvements has been finished the track extensions will be done also and the division ready for the regular fall rush.

## Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner's Sure Cure.

PADUCAH, Ky., March 5, 1903.

To Whom It May Concern: This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles and it has cured me sound and well, thanks to the Shoffner's Sure Cure.

Mrs. JOHN SMEDLEY, 806 S. Third St.

## HOSPITAL PLANS DO NOT SUIT BOARD

It Wants a \$19,000 City Hospital Instead of a \$25,000 One.

Met Yesterday Afternoon and Wrote Letter Asking That the Matter Be Referred Back to Committee.

### MEANS INDEFINITE DELAY

As a further bar to beginning work on the new city hospital, the board of public works has now decided that the present plans will not do. They provide too costly a building, they decided at a meeting held yesterday afternoon at 4:30 o'clock at the city hall, and the board has written a communication to the mayor and general council asking that the matter be referred to the committee either to modify the plans or else to have new ones drawn.

This was wholly unexpected, and will no doubt be very unpleasant news to those who have labored so hard and hoped so long to get the work started.

The board of public works, it seems has concluded that the \$25,000 voted by the people is to build the whole thing and pay for a site for it. This had not been the generally accepted idea about it. The \$25,000 was supposed to have been voted to pay for the city hospital building proper, and the site was to be paid for by the city.

The officials have been boasting about their surplus of \$50,000, but now decline to pay for the hospital site out of city funds, but seemingly intend, if for no other purpose than to further delay the work, to reopen the question of what the \$25,000 was voted for, whether for the hospital building or for both ground and hospital. It was generally thought this had been decided before the plans were selected for a \$25,000 building.

The plans, according to the architect, are for a \$25,000 building including the architects fee. The city bought the hospital site "on time," and does not have to pay for it this year if it does not desire. Yet after buying it on time, it is now claimed that it will be necessary to take a part of the \$25,000 secured by the sale of bonds, to pay for a site that does not have to be paid for now at all.

The result will be indefinite delay. The matter is now practically where it started. The general council took the city hospital matter from the hands of the committee of citizens and doctors that it had previously referred to, and which had done a great deal of hard work getting things in shape for the building, and then the general council took the project out of their hands and referred it to the board of public works, and today the board of public works reports it back to the general council with the statement that the plans do not suit it, and asks that it be referred back to the committee, or otherwise be disposed of.

It is not known what the next step will be, but it can be asserted with every degree of certainty that the doctors, especially, are very indignant over the matter.

A prominent doctor said this afternoon on learning of the action of the board: "It beats anything I ever heard of. Here we have been waiting for years for a new city hospital, and urging it on the people year after year. The medical profession of Paducah labored hard to carry that bond

issue, and it was due largely to the work of the doctors that it carried. We want a hospital because we, above all others, know the growing necessity for it. So we worked and had the bonds voted, and then had to work still harder to get anything else done.

"What has been done? The council and aldermen finally appointed committees to look at sites, etc. We met. We visited sites, looked over plans and finally after selecting the site and the plans, contracted for the plans, and our action was ratified by the general council. Finally our choice of a site was also ratified, and when nothing remained to do except let the contract, here they turn it over to the board of public works, and in one blow it destroys what it has taken us months to accomplish! It is disgusting.

The people never intended that the site be paid out of that \$25,000. This sum is small enough as it is for a hospital, without cutting it down to pay for something not intended to be paid for.

Besides, the site does not have to be paid for this year and the city has been offered \$2500 for its present hospital site and I believe could easily get \$3,000 for it. It would be no trouble for the city to raise the remainder without disturbing a cent of the bond money for the site. It managed to buy the property and build two fire stations this year when it didn't have any appropriation for it, and I think it could have proceeded in a few days to ask for bids and let this contract. It is not necessary to take any of the money for the site, and it should not be done. I can't understand why it should be done. Everything we did was ratified by the general council, and yet the board of public works wants to undo it all. The general council ratified what we did, and then turned the project over to another board that rejects it. It beats any business methods I ever heard of."

## LIGHTNING BOLT SETS FIRE TO BARN

No Rain Accompanied the Cloud Which Disappeared.

A House Occupied by Objectionable Neighbors Mysteriously Burned.

### ALL NEAR MAXON'S MILLS

Two unusual occurrences are causing the people in the Maxon's Mills section of the county to wonder. One was the mysterious destruction yesterday afternoon of Mr. J. C. Wood's barn. It was new and was stored with hay, corn, farming implements and other things.

According to those present, a dark looking cloud came up yesterday afternoon, and just as it passed over Mr. Wood's barn there was a blinding flash of lightning, and the barn was set fire. There was not a drop of rain, and the cloud soon passed.

All efforts to save the barn were fruitless, and it burned with its contents, before the eyes of the owner. Those who witnessed the phenomenon say that there was only one cloud, only one flash of lightning, and only one clap of thunder, with no rain at all.

There was another fire in the same neighborhood a night or two ago. It seems a negro family was living in a house in the Maxon's Mills vicinity, and had several times declined to

move when asked. Some of the people in the neighborhood, said to be "Ku Klux," but who would not doubt deny the allegation, were not very well pleased with their refusal.

A few nights ago the negroes went away from home and when they came back they had no home, as it had burned. The furniture had been moved outside and the only loss was the small house they had occupied.
